MGM Resorts International

San Francisco Bay Area · Aug 2020 – Present

Executive Director, Digital Products & UX Design

2025 – Present

Lead a 35-person product, design, and engineering org across four teams: Loyalty, Arrivals, Discovery & Digital Experience, and UX Design.

- Own discovery and the end-to-end digital experience across web, app, and kiosk, plus UX design for all of MGM digital.
- Own all digital surfaces of the MGM Rewards loyalty program: member experience, offers, and gamification.
- Own the digital guest services suite from arrival to departure: check-in and checkout across mobile, web, and kiosk; digital key; ID verification; folio; and parking and valet access.
- Launched passwordless Passkey authentication with high member opt-in, cutting password resets and account-recovery volume.
- Built a tiered AI agent escalation framework (bot → AI agent → human warm handoff) that reduced agent volume while improving resolution quality.
- Drive the rules-based personalization platform powering content across every guest surface; launched a premium property web tier (Bellagio, Cosmopolitan), now the template for new property launches.
- Implementing an AI-native operating model targeting a **30–50% effort reduction** in year one.

Director of Product, Platform Experience

Aug 2023 – 2025

Owned the end-to-end digital experience across app, web, and kiosk, plus several core standalone features.

- Managed a team of 9 product managers and a **\$5.2M budget**.
- Launched the first real-time, data science-driven personalized recommendation API.
- Built MGM's first preferences service; developed a rule-based cross-sell and personalization API.
- Launched a webview AI chatbot in the mobile app with a **60%+ deflection rate**; managed deployment of Offers across web and app.

Aug 2022 – Aug 2023

Director of Product, Mobile App

Owned the quality and roadmap of MGM's mobile app.

- Managed product, design, and engineering teams building the core roadmap; **\$5M budget**.
- Designed and deployed a personalized, adaptive Homescreen; rolled out a design component library prioritizing brand and loyalty.
- Increased room booking engagement **65%** and conversion **50%**; grew mobile app revenue **23%** and logged-in visits **20%**.

Senior Product Manager

Aug 2020 – Aug 2022

Defined and drove product roadmaps for guests and employees.

- Led a team of 29 across engineering, product, program, operations, and analytics.
- Grew Mobile Check-in MAU from **15K to 150K** in 12 months at 99.86% uptime.
- Increased Digital Key success from **45% to 87%**; services from 92% to 99%.
- Launched MGM's first native monetization experience, generating **\$700K+/month**.
- Designed a Room Upsell feature with **\$20M projected annual revenue**; built in-app barcode parking access across MGM locations.
